COMMUNITY SURVEY UNDERWAY - MAILED PARTICIPATION CODES RECEIVED THIS WEEK

The Town of Pittsford's Community Survey is now underway. Those who pre-registered online should have received an email with their household's participation code. The email notification includes a direct link to the survey. All others will receive their code via mail by the end of this week. Once you receive your code, you may complete the survey online at www.PittsfordSurvey.com.

In order to ensure that our survey was only completed by Pittsford residents, and to ensure the privacy of those completing the survey, our consultant has mailed to every household a unique code to be used when

filling out the survey. This code can be used by anyone over 18 in your home. Please note this code will not be associated with survey responses. Because there is a private third party administering the survey, and based on the legally binding contract it has with the Town, survey results cannot be distributed back to the Town by singular address or unique code.

Online access to the survey will also be available at the Pittsford Community Library and the Spiegel Pittsford Community Center. Paper surveys, for those who don't have a computer or don't want to take the survey online, will be made available as well.

Your responses to the survey will be completely anonymous. This was one of the requirements that the Town insisted upon in selecting a consultant to do the survey. Complete anonymity for responses to the survey is critically important to residents feeling comfortable in telling us what they really think. Understanding what you really think is the whole point of the Community Survey.

We recognize that few people have the time, or often even the interest, to reach out to the Town government to express an opinion. This Community Survey will provide an easy opportunity to do so.

We hope you will set aside the 7-10 minutes needed to complete Town Community Survey. Your participation will help determine community priorities and aid us as we pursue continual improvement for our residents.
